YOUR LIFE/OUR LIFE:

Now - and AFTER A TEACHING CAREER...

In this time of COVID. In this time of “post” teaching (in person). In this time of “growing older.” Many of us are thinking about what is next (as well as what is now!) Many of us long time OBTC’ers have been considering our legacy What teaching meant. What is life now – including our health, wealth and what we value. What kind of legacy we value – and what we want to be. We invite you to join us in a conversation about your current and future life - in teaching and after your teaching career. And hear some thoughts as well from those of us who will always be “teachers” and OBTC members but are no longer teaching in a college or university. Our goal is to create a safe space for an open conversation. Our plan is to talk a bit, but mostly listen to that conversation – in breakout rooms if enough people attend.
